4. Basis of calculation and specific details for the payment amount

The Issuance of New Shares to the Eligible Directors, etc. shall be made by way of in-kind contribution of the monetary compensation claims or monetary claims paid as Restricted Stock Compensation under the Plan for the Group's fiscal year ending March 31, 2022 (April 1, 2021 – March 31, 2022). To avoid issuing the shares based on arbitrary

decisions on price, the closing price of the Company's common shares on the First Section of the Tokyo Stock Exchange of ¥470.9 on May 17, 2021 (the business day immediately prior to the date of the resolution by the Board of Directors), is used as the issuance price. As this is the market price of the day immediately prior to the date of resolution of the Board of Directors, it is believed to be reasonable, and that this price does not constitute a particularly favorable price.

5. Items regarding transactions, etc., with controlling shareholders

The Issuance of New Shares qualifies in part as transactions, etc. with controlling shareholders because one of the Eligible Directors, etc. who will be allotted concurrently serves as board director of SoftBank Corp., a parent company of the Company.

(1) Measures to ensure fairness and to prevent conflict of interest

The Issuance of New Shares is being made in accordance with rules and procedures, as specified in the relevant laws, regulations and rules, etc. In addition, the method of determining the amount to be paid-in and other issuing details and conditions, etc., is being carried out properly with no deviations from normal details and conditions for restricted stock compensation, as indicated above in "2. Purposes and reasons of the issuance" and "3. Overview of the allotment agreement." In addition, in order to avoid a conflict of interest, the said director did not participate in the deliberations and resolution of the Board of Directors meeting related to this Issuance of New Shares.

(2) Opinions relating to not being disadvantageous to minority shareholders

The content of the Issuance of New shares and the appropriateness of the conditions have been discussed and resolved in the Company's Board of Directors meeting held today.
