S&P Global

Sustainable 1

S&P Global assesses the sustainability performance of the world's leading companies from economic, environmental, and social perspectives, and selects the top 15% of companies in each industry annually as Yearbook Members to include in The Sustainability Yearbook. In the 2023 edition, 708 companies were named out of approximately 7,800 companies from 61 industries.

Under its mission statement of "UPDATE THE WORLD - Unleashing the infinite potential of all people, with the power of information technology," and based on its materiality issues and its goals, ZHD actively carries out and discloses initiatives in all ESG areas in order to achieve a sustainable society.

ZHD is also selected as a component of indices such as DJSI World and DJSI Asia Pacific, the pioneering series of global sustainability indices; MSCI Japan ESG Select Leaders Index, MSCI's global index on ESG investment; and FTSE4Good Index Series, widely used to create and assess sustainable investment funds and other financial products.

ZHD will strive to support the realization of a sustainable society by continuing to solve social issues.
